Field Research Safety Plan	

This form may be used by the Principal Investigator (PI), or Project Lead, to assist with the development of a Safety Plan. **The completed Safety Plan should be shared with all the members of the field research team and kept on file on campus.** Multiple trips to the same location can be covered by a single Safety Plan. The Safety Plan should be revised whenever a significant change to the location or scope of fieldwork occurs. EH&S is available to assist in completion or review of the Safety Plan (642-3073).
