

# IB H196A HONORS RESEARCH

## Department of Integrative Biology Application for IB H196A: Integrative Biology Honors Program

**IB H196A: The Integrative Biology Honors Program** is intended for advanced undergraduates wishing to receive the first semester of honors credit for independent research projects under the mentorship of an IB faculty member.

### ELIGIBILITY:

- Be a **declared** IB major
- Have at least a **3.3 GPA** overall **and** in the IB major

### INSTRUCTIONS:

- Meet with PI and obtain PI signature by end of Week 3.
- Meet with IB Faculty Sponsor and obtain signature by end of Week 4. *See below for information.*
- Obtain CCN from IB USSO (3060 VL5B) enroll in the course via Telebears by the end of Week 5.

**CREDIT:** This is a 3-unit, letter-graded course and assumes an average of nine hours of work/week in a lab. While there are no written assignments required in H196A, the student must complete two semesters (H196A and H196B) to earn honors. Only three units of honors credit (H196A or H196B) may be applied towards elective credit for the IB major.

**IB SPONSORSHIP of IB H196A:** The IB H196A course must be sponsored by an IB faculty member, though the research may be in any biology lab. If working in a non-IB lab, please visit the IB USSO by the 4<sup>th</sup> week of classes to be assigned a faculty sponsor who will be the official instructor of record.
