

New Course for Spring 2017
IB 198-005

Communicating Science to a Diverse Audience

Share your **love** for **BIOLOGY!**

Please join “Communicating Science to a Diverse Audience” (1 unit) in which you will learn a variety of communication skills to...

- ♥ interpret complex scientific ideas into short, attractive, and fascinating presentations;
- ♥ share your chosen topic with a diverse audience;
- ♥ create materials and activities to support effective communication.

**Your efforts will culminate in the
largest local public education event of the year - Cal Day!***

*Must be available to present your work on Cal Day, Sat., April 22, 2017.

Spring 2017 class meets Fridays, 2:00- 4:00 PM, room 3083 VLSB, CN: 33695, IB 198-005.
