

Diamond's Anatomy Enrichment Program

DeCal Course

Spring 2017 | Tue 6:30-8:00 p.m.

166 Barrows

Teach human anatomy to elementary school children in Berkeley. Working in a group, you will **build** simple, clear, and fun lesson plans. **Practice** and improve your lesson plans and teaching methods in class among your peers. Provide critiques and suggestions to each other. **Perform** your perfected lesson plans in the Berkeley Public Schools multiple times. Have fun and make a difference to elementary school kids in Berkeley!

Prerequisites:

- Completion of IB 131 with a letter grade "A" or "B".
- Must be available sometime between the hours of 8am-3pm, M-F, to visit Elementary Schools.
